### East Gloucester

**S**UMMER is going merrily to its close. The season has been very successful despite the continued handicap of rainy weather. East Gloucester needs a large hotel of the Colonial Arms class. Then it would take its position as the leading resort section of the North Shore. But with the sky-high prices of building material its construction is out of the question.

Mrs. Mary E. Field and Mrs. G. Field Adams of Cleveland, are spending the month at the Harbor View.

The Misses Jessie E. and Mary White of Brockport, N. Y., are making a vacation stay at the Harbor View.

Misses M. W. and L. J. Stone of New York are at the Harbor View for the rest of the season.

Miss Clara Blackwell and Miss Susan Weart of Trenton, N. J., are at Harbor View for the remainder of the season.

Mr. and Mrs. John E. Puthbert of Pittsburg, have taken accommodations at the Harbor View for the rest of the season.

Miss Anna Russell Warren of Buffalo, has joined the colony from that city which is making the Harbor View their headquarters this season.

Old patrons of the Harbor View who returned last week for the rest of the summer are Rev. Dr. and Mrs. J. Calvin Stewart. Rev. Dr. Stewart is a prominent Presbyterian divine of Richmond, Va.

Mr. and Mrs. Fred S. Mechlin of Washington are visiting their daughter, Miss Lelia Mechlin who is at the Harbor View for the season.

Mr. and Mrs. Seth Clark and daughter Miss Margaret Clark with Miss Ada Nichols of Buffalo came over the road this week to the Harbor View for the rest of the month. Mr. Clark is one of the prominent musicians of Buffalo.

William C. Lentz of Philadelphia, who is superintending changes in the Joseph Lyle place on Mt. Pleasant ave., which he purchased some weeks ago for a summer home is making headquarters at the Harbor View for the season.

C. R. Hinchman of Philadelphia is spending his vacation at the Harbor View joining Mrs. Hinchman who has the Green Gables studio this season.

The fine weather of the week has materially stimulated social matters. At the Bass Rocks club Miss Emily McGuckin gave a tea Monday to 30. Thursday Mrs. Frank Dana of Brookline gave a tea and bridge to 35, there being four tables of bridge. Yesterday afternoon Mrs. Max Talbot and Mrs. Joseph O. Procter, Jr., both of Boston, Bass Rocks cottagers, gave a bridge of 15 tables followed by tea. Later the club tea was attended by some 200 of the Bass Rocks colony. Louis Williams won the club cup in the handicap competition golf contest for members.

At the Eastern Point Golf club the verandas have been enlivened all the week with tea and bridge and clock golf parties large and small. A novelty was the tea given Thursday to 25 by Mrs. D. Ide of the Hawthorne, the gentlemen of the party

### The Rockport Shore

**R**OCKPORT this season has entertained more guests than ever in its history. Never before have so many been turned away as has been the case during the past two weeks. This shows a popularity based upon bedrock. The possibilities of

### The Annisquam Region

Rockport as a summer resort are scarcely scratched. Built upon a hillside the crest of which stretches from Great Hill Ridge to Pool's hill and beyond into Pigeon Cove practically the entire acreage of the town commands a fine sweep of the sea. The people are banking on the breakwater but the possibilities of the place as a summer resort are paramount to all other considerations. The summer people are coming into the backland. Witness the remodelling of the old Low homestead re-

### Magnolia

**S**EVERAL perfect summer days have varied the monotony of fog during the week giving promise of rare weather to come. September and October are the two pleasantest months of the year in Essex county and those who are so fortunately placed as to remain here are favored. Social life centers around the Oceanside which like all hostleries on the Cape is filled to the eaves with guests.

Arrivals at The Oceanside are: Mr. and Mrs. A. Fuller, Miss Corinne Fuller, Miss Gladys Ney, St. Louis; James A. Aborn, N. Y.; Mrs. C. C. Nickerson, Miss Lilian Nickerson, Eastern, Md.; Stanley H. Batis, H. S. Homer, Detroit; Mrs. Mary T. Donovan, Walter J. M. Donovan, N. Y.; Kenneth Carpenter, Evanston, Ill.; Isaac Guggenheim, Dr. Robert Kunitzer, N. Y.; Mr. and Mrs. John D. Cady, Moline; Mr. and Mrs. Gerrard Comly, Miss Lauier Comly, Tuxedo Park, N. Y.; Mr. and Mrs. J. F. Gibson, S. A. Gibson, Providence; Franklin S. Riley, South Bend, Ind.; Mrs. Nathan Wolff, Buffalo; Mr. and Mrs. John W. Lyon, Sidney S. Zell, Baltimore; Mr. and Mrs. R. S. Farrington, Constance C. Buckley, St. Paul; Mrs. Walter Woods Helmes, Kansas City; Mr. and Mrs. L. Barkhausen, N. Y.; John Hammar, Stockholm; Miss A. M. Sessions, Natchez, Miss.; William Whiting, Holyoke; Mr. and Mrs. C. J. Mr. and Mrs. John Lyon, Baltimore, motored to Magnolia for a four days' stay this week continuing on their way to Portland and the White Mountains with Mr. and Mrs. Frank Cleghorn and Mr. and Mrs. Spencer of Boston. They were the guests at dinner Wednesday of Mr. and Mrs. Charles W. Smith at their cottage on Lexington ave.

Reginald Kennard has returned to Magnolia and is a guest of his mother, Mrs. Wilhelmina Kennard, at the Avon Hotel. Mrs. Newman and sons, Clarence and Egbert, and daughter, Miss Evelyn, prominent society people of Albany, are newcomers at the Oceanside. They have been spending their summers in past years at Lake Mohonk.

Miss A. North of New York is a guest of Miss McVicker at her cottage on Norman ave.

Mrs. E. Loring Briggs was a guest this week of Miss Carolyn Fuller at the Oceanside.

### Youthful Artist of Promise

Arthur C. Meagher of this city, the 17 year old son of M. J. Meagher, the real estate agent, bids fair to win renown for himself as a painter. A number of his water colors recently put on view, comprising scenes of Gloucester, sea, shore and woodland have attracted much attention by their coloring and artistic effects so much so that an exhibition of his work has been arranged by friends in the summer colony who are interested in his work. These will be shown at the Moorland and the Hawthorne Inn the coming week and as examples of what a native born painter on the threshold of his career is capable of doing will be of much interest.

Summer Residents of Cape Ann

NORTH SHORE PUBLISHING CO.

Subscription price, on Cape Ann, for season, 50 cents.

For sale at all the summer hotels, at Shurtleff's news  
stand, Main street.

### TO ADVERTISERS

THE CAPE ANN SHORE, now in its twentieth consecutive season, is the only summer resort publication on Cape Ann. It reaches every section of the cape, and is the only means of communication of the kind between the merchants and the summer residents. Therefore its value as an advertising medium is self-evident. It contains each week a full and complete account of the social happenings of the summer resort section. It occupies a place by itself in the advertising field, reaching the most profitable customers along the North Shore. Advertisers should remember these facts.

PRINTED AT THE OFFICE OF THE BARRY PRINTING COMPANY, SALEM, MASS.

### Cement Roadbeds

During July travel was entirely suspended on Western ave. from Magnolia toward Gloucester and since that time seriously inconvenienced by the tearing up of the roadbed for resurfacing. The same is true of Essex ave.

Western ave. is practically the only approach to the city. Close it and the entire travel is virtually cut off. Essex ave. is more of an outlet to the northeastern part of the state. It is down Western ave. that practically the inward and outward travel to and from the city goes. Both are state highways.

These roads cannot be repaired except in warm weather when travel is at its height. The life of these macadam and tar roadbeds is brief, so much so as to necessitate frequent repairing and consequent obstruction to travel.

It is obvious that unless some remedy is devised that this state of things—the tearing up of the roadbed and the obstruction to travel must occur frequently thereby entailing a loss to Gloucester business men and inconvenience to automobilists.

The Gloucester correspondent of the Sunday Globe suggests that either a steel road plating or a cement roadbed would prove wear-resisting to the auto and heavy truck traffic to which these avenues are subjected.

Cement is used in other localities and practical road men say that it is to be preferred to the steel plating. The latter, it is said, will cause skidding—always a danger to be avoided. The method of laying down a bed of cement is on a foundation of macadam six inches deep and 20 feet wide. Such roads have been constructed in other localities.

This matter of an auto proof roadbed is most important and if cement will do all that is claimed the highway commission, even as a matter of economy, ought to use that material when future repairs shall become necessary.

### This Looks Good For a Record August on Cape Ann

A "Bermuda High" is the official cause of the worst heat wave that has enveloped the country in 15 years. A great area of high-pressure air has been mobilizing in the Atlantic off Bermuda for the last month, and now has let go the full power of its offensive from the seaboard to the Rocky Mountains.

No relief is promised from the phenomena, which, in the East, have caused city dwellers to light fires in their homes to dry out the humidity, or which, in the Mississippi Valley, are threatening to destroy millions of dollars' worth of food crops.

During all this month, the forecaster says, the huge body of high pressure atmosphere has been gathering over the

Western Atlantic from Florida to Newfoundland and east of the Azores. It is very heavy in weight and thick in dimensions. Heavy air always flows to a place occupied by light airs, but unfortunately there is at present an area of light airs in the tropics. When the heavy air arrives there, it finds there is still lighter air over the continent.

So it moves North in an enormous sweep, burning hot from the tropics and heavily laden with seaborne humidity. It is distributing this heat and humidity over all the continental United States in what officials call the "Bermuda High."

The air in the Middle West is becoming much heavier and it may form a local center where the air currents will clash in a series of thunder storms, affording speedy relief through a readjustment of the areas of high pressure.

### AUTOMOBILISTS, ATTENTION!

The attention of all automobilists is called to the following provisions of the Revised Laws of Massachusetts Relative to Motor Vehicle Laws, Acts of 1909, Chap. 534, Section 14:

SECTION 14. Every person operating a motor vehicle shall bring the vehicle and the motor propelling it immediately to a stop when approaching a horse or other draft animal being led, ridden or driven, if such animal appears to be frightened and if the person in charge thereof shall signal so to do; and, if travelling in the opposite direction to that in which such animal is proceeding, said vehicle shall remain stationary so long as may be reasonable to allow such horse or animal to pass; or, if travelling in the same direction, the person operating shall use reasonable caution in thereafter passing such horse or other animal. In approaching or passing a car of a street railway which has been stopped to allow passengers to alight or embark, the operator of every motor vehicle shall slow down and if it be necessary for the safety of the public he shall bring said vehicle to a full stop. Upon approaching a pedestrian who is upon the travelled part of any way and not upon a sidewalk, or where the operator's view is obstructed either upon approaching an intersecting way or a curve or corner in a way, every person operating a motor vehicle shall slow down and give a timely signal with his bell, horn or other device for signalling.

Provided, that in the thickly settled parts of a city or town no bell, horn or other device for signalling shall be sounded so as to make a harsh objectionable or unreasonable noise, except in the case of fire and police department vehicles and ambulances; and provided, further, that no operator of any motor vehicle shall at any time permit any unreasonable amount of smoke to escape from said motor vehicle, nor shall said operator at any time permit said motor vehicle to make any unnecessary noise, by cutting out the muffler, or otherwise.

The driver of any motor vehicle on any highway approaching a crossing of ways, shall slow down and keep to the right of the intersection of the centres of both ways, when turning to the right, and shall pass to the right of the intersection of the centres of said ways before turning to the left.

Your friends and your  
loved ones are only as far  
away as the nearest tele-

You like to think of  
them enjoying themselves  
at the seashore, in the  
country or in the moun-  
tains, even though the  
claims of business hold  
you in town.

Absence need not mean  
total separation, however.  
There's a wonderful com-  
fort and pleasure in chat-  
ting with them daily by  
telephone. And the sound  
of your voice will be hailed  
with joy.

There will be no toll charge on a

connected with the person whose  
name you have given to the Toll

Folly Cove is so named because a man named Gallup built a wharf near this shore, which is exposed to the full sweep of the Atlantic winds. The neighbors warned him that such a wharf would never stand. Unconvinced he built and a short time after a gale swept every stick and stone away. Hence the name Gallup's Folly, now "The Folly," Gallup being forgotten. This happened about a hundred years ago.

The wise sayings of Omar Khayyam, the Persian philosopher tentmaker, who wrote his eclogues some 800 years ago, were depicted last night at the Hatwhorne Inn Casino in tableaux. About 500 of the Summer colony, all the hall would hold, were in the audience. The affair was under the direction of professional and amateur actors and a number of the artist colony. It therefore goes without saying that the groupings and costumes were of the highest order, Encores were frequent. The program was in two parts, the first illustrating Omar and the second modern tableaux. Miss Melba Proctor, assisted by Miss Lelia Proctor and George Stevens, contributed a dance. Arthur Row impersonated Omar and read from his poetry, illustrative of the tableaux.

The committee in charge comprised Louis Kronberg, chairman; Miss Nina M. Stockton, secretary; Miss E. Oliver, Miss Adeline Piper, Miss Anna Seaton-Schmidt and Miss Mabel Vickery, assistant stage manager.

Cathedrals are undoubtedly suitable resorts for the Sabbath, so it is no wonder the Cathedral Pines Tea Room was so popular on Sunday, Aug. 13. ## Do You Know How To Arrange Flowers?

**Fulper Pottery  
Makes It Easy.**

A woman who can arrange flowers artistically is as much an artist as her friend who paints a picture.

Such women, lovers of flowers, are always looking for the sort of vases and bowls that will help them produce new and charming effects.

And such vases and bowls are to be found in Fulper Pottery—bud vases, flower bowls, flower holders, bulb dishes, etc.

Fulper flower holders make artistic arrangement simple and easy, and make possible more charming effects than ever before.

Sometime you will say, "If I only had one more flower bowl!" Then why not come in to-day and see these beautiful pieces of Fulper Pottery. Come to-day.
